

Typography is the design term for the way letters look. Typography can be simple, with basic, easy-to-read letters.

Typography

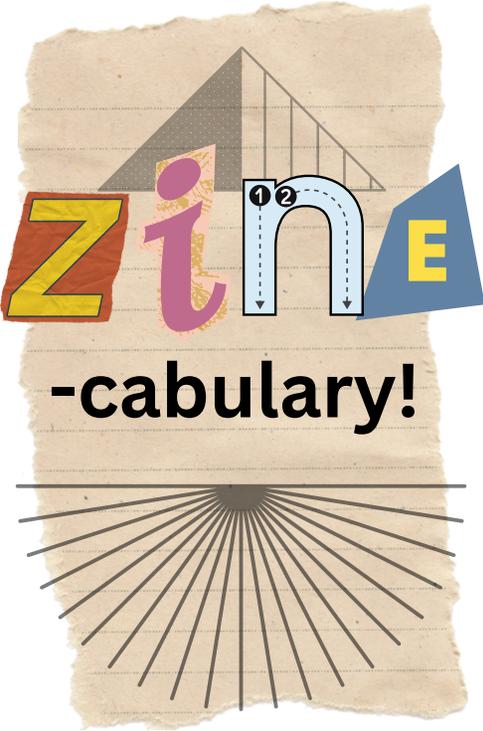

An activist is a person who cares about an issue or problem and works to bring attention to and help solve the problem. An activist wants to raise awareness and share about the issue with people who may not know about it. Raising this awareness is called "activism".

ACTIVIST / ACTIVISM

Zine comes from the word "magazine". They are small booklets that contain a collection of themed art (stories, visual art, poetry, photos...) Zines can be made by one person or many people. They are usually given out for free or sold for a cheap price so many people can look at them.

ZINE

-cabulary!

The way things look in the art piece. Think of composition like the layout of your bedroom! You want to arrange things like your bed, desk, or chair so that you can use them, but also so that they look pleasing to you. Composition is the same way—you want to lay out your art piece so that people can understand what's going on, but also so that it looks nice to you.

A narrative is a spoken or written account of connected events—a story!

Narrative

Visual hierarchy is like a map that shows your eyes where to look in a piece of art. "Hierarchy" means having things in an order, from most to least important. Visual hierarchy in design means using shape, color, size, and other elements of design to show your viewers where to look first.
